IMC/VMC Club Meeting
7:00pm Thursday 06/08/23
(Galaxy FBO Conference Room)**

We will review and discuss Oshkosh arrival and departure procedures.

David Hollaway will provide a presentation on Aeronautical Decision Making. David is a DOT certified Advanced Aviation Safety Investigator and Aviation Safety Officer (and pilot since 1977).

As usual, we'll save some time for attendee questions, updates, and general "hangar talk".

Hope to see you there!!

EAA 302 SHIRTS

THE SHIRTS ARE IN!

Just in time for Oshkosh! Shirts will be distributed at the June and July Monthly Chapter Meeting. We will not be mailing them out. If you can't attend, be sure to arrange for somebody to pick yours up for you.

Did you miss this seminar? If you're interested, it was recorded and you can look it up on FAASafety.gov. Look for SW1712274

"How to Research Airworthiness Directives Using the FAA DRS Website"

Topic: AD Research Techniques using the FAA DRS System

Select Number:

SW17122274

Description:

Aircraft Owners are Responsible for AD Compliance, and Mechanics Certify that an Aircraft meets ALL Airworthiness Requirements when they sign the Log Entry for an Inspection. Therefore, knowing how to capture all the Applicable ADs is critical.

For this presentation we bring a Cessna 172S into our Virtual Shop and perform Airworthiness Directives (AD) research. The FAA DRS Website is used to identify Applicable ADs. We will search for Aircraft, Engine, Propeller, and Appliance ADs. Emergency ADs and Bi-Weekly Listings are also reviewed. Techniques, Tips, and Limitations are discussed. This Presentation also demonstrates how to generate AD lists from DRS. If you have difficulty using DRS for AD searches, or you are just not sure, this is the Webinar for you.

WEINZETTLE/ANDERS WIN THEIR CATEGORY IN THE MARK HARDIN AIR RACE CLASSIC

Two EAA 302 members, Bryan Weinzettle (RV Blue) and Dave Anders (RV Gold) competed in the Mark Hardin Air Race Classic on 5/27/23 at Terrell, TX. Bryan flew his new RV-7 and Dave flew his highly modified RV-4. Both Bryan and Dave won their respective classes.

This was Bryan's first time air racing, Dave is an experienced veteran. The race course was approximately 150 statute miles.

Young Eagles Continued

The May 20th Rally was probably one of the best yet. We had 9 planes/pilots, 10 ground volunteers and we flew 30 kids. Dean Marcott is getting more familiar with the EAA automated support for notifications, sign ins and paperwork. As a special bonus, EAA 302 is getting double credit for each YE—from \$5 to \$10 per YE—that we can use for Airventure campers. We will not have another event until Fall, so look for a future event in October.

We now meet in Galaxy FBO's building on the South Side of the Conroe-North Houston Airport. Use the South Entrance, 1st floor. Meetings start at 10:00 AM.

You cannot access the FBO by the old Airport Parkway. You need to use Loop 336 and turn at Hawthorne Drive. This road has an Airport Entrance sign which mentions Galaxy FBO and the Black Walnut Restaurant. This is just southeast of the Roller Skating Rink.

See you there.
