

Dear Passionate Aviator,

Chapter 302 of the Experimental Aviation Association has been selected to administer funds made available by the Ray Foundation to financially assist a young person in their pursuit of a Private Pilot Certificate, Airplane Single Engine Land (ASEL). We are offering ONE scholarship for 2026.

To apply: Submit an email to, eea302@outlook.com that contains the following information:

Personal information:

- Name
- Address
- Email
- Phone
- Birthday

Attachments:

- FAA medical certificate
- FAA Student pilot certificate
- FAA Private Pilot Airplane Airman Knowledge Test (written exam) results
- Letter of recommendation from an adult
- Personal statement

Additional information: (if available)

- EAA member number
- Statement of previous Chapter 302 involvement
- Young Eagle flight date and location
- Previous flight training experience
- Date you would like to begin flight training
- Flight training facility you would like to use

Should you be selected, you can expect the Chapter to provide mentorship to guide you through your Private Pilot training experience.

If you are not selected during this period, please consider applying in the future.

EAA Chapter 302 looks forward to reviewing your application.
