

# ***Experimental Aircraft Assoc.*** **Chapter 302 ~ Conroe, TX**

The moving crew, (Mike Singleton, Connie, Vic LeBon, Ray Coker, and Larry Perryman), pause for a photo after getting Larry's RV-9 fuselage loaded onto the trailer for the move to it's hangar at CXO. *Story inside.*

After the February meeting, our guest speaker, Rob Harrist, was treated to a ride in the Park family's RV-6. He loved the speed and responsiveness. It was his first flight in an *EXPERIMENTAL*.

Photo was after the flight. Is that an RV smile?

**Young Eagles ~ Share The Dream**

# ***Around the Patch***

**Mark Lindstrom** is now the proud owner of a beautiful 1950 Cessna 170A! It is a low time airplane with a freshly redone interior. The previous owner, Gary Craze, Houston's EAA 774 newsletter editor had only owned it 4 months, when he had an opportunity to build his dream home. Ask Mark about his "new" airplane at the next meeting. Nice!

**Larry Perryman's** RV-9 fuselage was moved to the airport on February 9th. Larry has a workshop in the back yard. Unfortunately the yard has a brick fence around it. The largest opening was the gate at the patio. To get the RV-9 out, one

gear leg was removed and a small brick wall and iron work was removed. It worked! Way to go chapter 302 moving crew!

**February Young Eagles event**

Our February Young Eagles rally saw 13 young people fly with our pilots. Alva Doyle (son of Al Doyle) and twelve from the North Side Christian Church in Spring. (*Thanks Shirley!*) We had five pilots (Doug Prior, Dave Chaplin, Dennis McCright, Dick Stevens, Dalton Nelson), four aircraft and another seven members helping on the ground (David Dauzart, Ivan Wimp, Al Doyle, Dalton Nelson, Dick Parkans, Bill and Shirley Park.). Shirley says the kids are still excited about the experience, and there are more that would like go flying with us next time.

*Thanks for sharing the dream with these young people!*
