

# NEWS LETTER

302

VOLUME 8 NUMBER 4

APRIL 1986

Regular Meeting: Sunday, 13 April 1986

Place: FAA Flight Service Center, Montgomery County Airport,  
Conroe, Texas

Agenda: The 6th Annual Fly-In

#### Food for thought:

After Checking the Calendar of Events for April in Sport Aviation, I found no mention of Chapter 302's Fly-In. The info was telephoned to Oshkosh on Jan 9, 1986, And in February was followed up with a letter outlining our Fly- In activites. I have been informed by Chuck Larsen, again by telephone, that due to a policy change, no telephone information will be printed in the Calendar of Events. At no time was I informed about policy change. This past week I received a letter from Chuck Larsen addressed to the President of Chapter 302 and I Quote the second paragraph:

"When I contacted Golda Cox, who takes care of the calendar of events for SPORT AVIATION, she advised me of a change in editorial policy regarding which months fly-ins will be listed. Local fly-ins will not be placed in the calendar of events for the month in which they take place. Which means that based on this policy, Your May fly-in will not be included in the May issue of SPORT AVIATION. For future reference, submit your next years fly-in announcements four full months ahead of its scheduled date. This would give the 60 day lead time and allow for it to be published the two months prior to its taking place."

So that's the story to date, nothing in our own publication to advertise our Fly-In. No insurance policy either. No 1986 Chapter Directory. Less and less for more and more. I wonder if other Chapters are finding the same pattern!
