## Chapter 302 ~ Conroe, TX

Don Yarbrough shows us the RV grin after the first flight of his newly completed RV-8 on April 21st. Congratulations Don!

### July 12th **Meeting:**

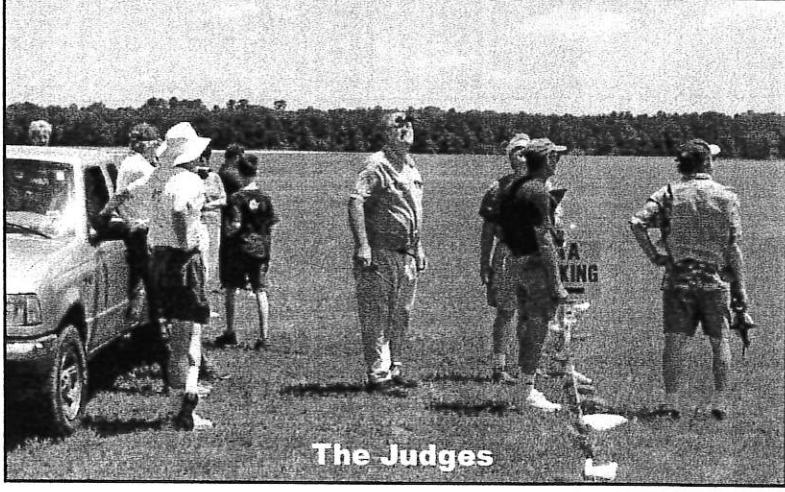

Bill Cotter will tell us about the world of non destructive testing relating to aviation!

Guess who celebrated his 88th birthday this month.  
???

### **Young Eagles ~ Share The Dream**

# June Spot Landing Contest/Cookout

**The Judges**

## **Spot Landing Competition Winners:**

1. Butch Carr
2. Ivan Wimp
3. Dennis McCright

We had everything we needed. Good weather, food, friends, and airplanes! "Thank you" to all who helped, a good time was had by all. Ivan proved that you don't need to be a high time pilot to be good at spot landing. He placed 2nd and has only had his license about a year! WAY TO GO IVAN!

**Congratulations to Don Yarbrough on the completion and first flight of this beautiful RV-8. Very nice!**

**Don says, "It ran well, flew well, and it's a real hot rod." He flew it everyday until the 25 hours were flown off. Then flew to Longmont, CO in about 5 hours to pick up leather for the seats. His son does custom upholstery and fiberglass work!**
