## **Chapter 302 ~ Conroe, TX**

### ***The Flying Tiger team visits 302***

Gary Hunter, Donah Nevil, and Bruce Bohannon joined us for our August meeting. Bruce flew the Flying Tiger, Gary his EZ, and Donah the company RV-4. Bruce told of the difficulties in setting world records. This team has set new world records in 3K, 6K, and 9K meters time to climb and absolute altitude in horizontal flight of 35,497 feet. *Wow!*

### **September 8th** **Meeting:**

**A Fly-Out is planned for after our meeting. Doug Prior has arranged for us to fly to Hilltop Lakes Airport (T38) for lunch. It is located north of College Station.**

**Call Doug, (936) 856-7446, for details or come to General Aviation about 10:30.**

**Also, check the web site Greg Young is building for info. <http://office.cs-sol.com/eaal/>**

## *Around the Patch*

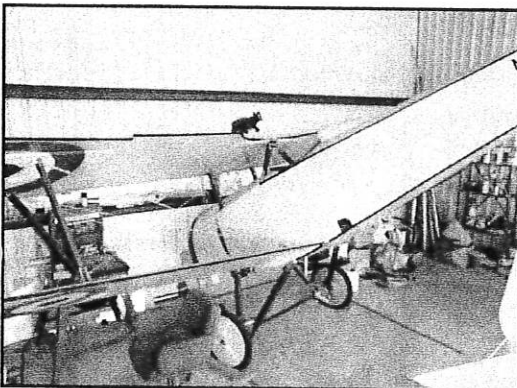

Oh happy day! Mike Brown had his Cassut Racer back in flying condition, showing it off at the August meeting. It was about 2 years ago Mike disassembled the racer for maintenance and a new paint job.

Congratulations Mike! Looks GREAT!

Good news continues to come from Greg Young. His back surgery August 13th seems to have done what it was predicted to do. The major back pain is gone and now it's "just" the discomforts of healing.

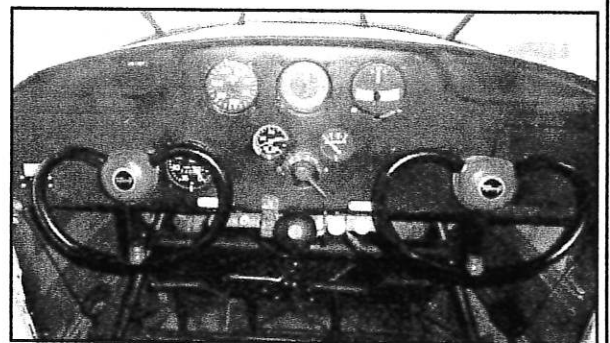

Ivan Wimp says one should always check to see if a hangar can be flown through before attempting it.

Actually, this was his way of squeezing one more plane onto the hangar. Had to make room for his "new" Taylorcraft!

Check out the full panel in the photo to the right. It's a basic fun flying machine with 3 engine gauges, 3 flight instruments and no mixture

control, no starter or electrical system. You get the idea.

# ***The \$100 Hamburger List*** continued

## ***The Best Hamburgers are at Ch. 302!***

The best hamburgers were at our August meeting! Dick Kardell brought the BBQ and started the cooking. Here Mike Singleton serves Ray Coker a hot juicy burger. (L.

to R). Mike Singleton, Dick Kardell, Ray Coker, Frank Johnson, are 4 of the 47 members and guests present.

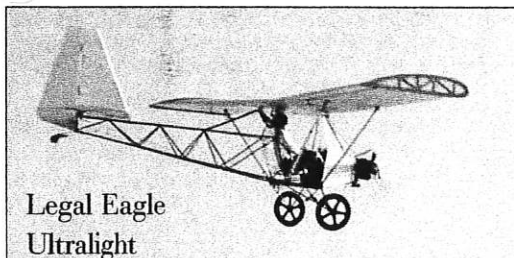

Some stayed outside to watch the IAC competition, but most escaped the heat by retreating to our meeting room. Besides, that is where Shirley's beans and all the hamburger fixin's and chips were.

Great hamburgers and beans, IAC competition just outside the door, and the Flying Tiger team... what a great day it was.

And a good time was had by all.

## IAC Regional Competition

at CXO August 9-11, 2001

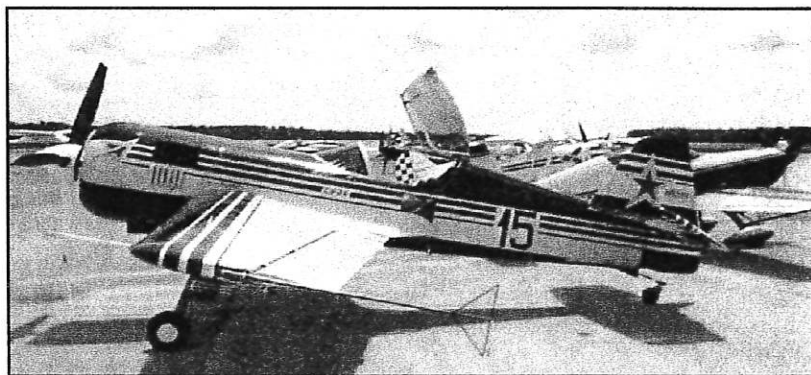

Saturday as we attended our monthly meeting, we expected the IAC competition to be going full tilt just outside our door. However, the clouds stayed low till almost noon. Not so good for their schedule, but we enjoyed hamburgers and beans and a lot of visiting before the flying started.

Twin Pitts, S-1T on the left and S-2B

on the right. Then there were also the more exotic types of aircraft too like this Sukoi, a hot import.

The next step for these competitors is the US National Aerobatic Championships at Grayson

Co. Airport (F39) Denison, TX September 2-7. This is a serious group. Serious about having fun!
